

The Stakeholder to Engineering Requirements Translation Process

Preliminary Sorting - Functional Requirements and NonFunctional (Functional Support) Requirements

The Stakeholder to Engineering Requirements Translation Process

Functional Stuff Sorting

The Stakeholder to Engineering Requirements Translation Process

Non-Functional stuff sorting

✓ battery
✓ temperature range
✓ connector size
✓ weight
✓ user int

Non-Functional (support) stuff sorter

Method Constraints

Interface Constraints

Functional Support Requirements

(Designer is free to meet the requirement.)

The Functional Support

Design Engineer

(sounds better than the

non-functional design engineer)
